JJ the CPA Little Learners™

Make Your Own Money Jars!

Give your money a job — just like Grandad JJ shares in his books!

What You Need

- A grown-up helper
- **4 jars** — plastic is best (glass can break)
- Your printed labels
- Safety scissors
- Clear tape
- Crayons or markers for the color-your-own labels

Stay Safe

- Always cut with a grown-up's permission.
- Coins are small. Keep them away from babies and little brothers and sisters.
- Keep your jars on a steady shelf, away from the edge. Best with lids that screw on tight.
- Keep your jars in a safe place at home.
- Wash your hands after counting your money.

Let's Make Them!

1. Ask a grown-up to print the label pages.
2. Print all the labels, or your favorite ones: one **SPEND**, one **SAVE**, one **GIVE**, and one **GROW**. Use the color labels, or color your own!
3. With your grown-up, use safety scissors to cut along the line around each label.
4. Tape one label on each jar.

   Grandad JJ's tip: If the jar opening is big enough, tape the label on the **inside** with the picture facing out. It stays clean and lasts longer!
5. Line up your jars: SPEND, SAVE, GIVE, GROW.
6. Now give your money a job!

For Grown-Ups

Printing: choose "Actual size" or 100%, not "Fit to page."

Pick a size: 1-inch labels for about 4 oz jars • 1½-inch for about 8 oz jars • 2-inch for about 16 oz jars. Every size comes in color and in color-your-own outlines.

The four jobs: SPEND — things you want now. SAVE — for something bigger later. GIVE — to help others. GROW — money that works to make more money. There is not always one right answer. What matters most is learning to choose on purpose.
